Filling a Long-felt Want in This Community

THE WARREN HUNT HOSPITAL TODAY STANDS FOR
THE VERY HIGHEST IN THE PRACTICE OF MEDICINE
AND SURGERY

It has put within the reach of the residents of Klamath and surrounding counties, facilities and comforts which cannot be duplicated, except perhaps in the largest cities.

Nothing that could possibly have made the hospital more efficient to serve has been omitted. The powerful and expensive X-Ray machine—the Clinical and Research Laboratory—the high class Prescription Pharmacy—the expensively-equipped Operating Rooms—the modern Delivery Room—the Ambulance Service—in fact, everything connected with the hospital means that it is the very highest standard that money, effort, and forethought could procure. The skill and care, coupled with the reputations of every member of the Hospital Staff, are behind every patient who enters.

Everything that Medical Science and Surgical Skill can accomplish, is accomplished in this hospital, and the charges are very reasonable.

GIGANTIC SHOW

IN MOOSE HALL

Klamath Falls comes under the sway of the mysterious Friday night, August 13th. Charles Clifford, world famous medium and his company of mystery workers, stages a great free exhibition in the Moose hall. Five hundred extra seats are being installed to handle the crowds which this big free show will draw. In a well lighted hall, so that every audience to attend could see the show, will be explained and demonstrated. Three great main features, the receiving of messages, the great cabinet mystery and spirit slate writing go to make up the greatest part of a two and one-half hour show free to all. No children under 16 years of age will be admitted.—Advertisement.

Few even among golf enthusiasts know the origin of the term "links." It really means a stretch of sand covered with short grass and stubble which lies between the high parts of

the coast and the water in parts of the Scottish seaboard. The early golf courses were laid out in such places, but when the sport spread to other countries the real meaning of "links" was forgotten.

BIT OF RADIUM IS WORTH THOUSANDS

TACOMA, Wash., August 11.—Thousands of dollars are represented in a bit of radium brought to Tacoma by co-operation of a number of physicians and surgeons.

Heretofore medical practitioners here have had to go to other cities, sometimes as far as New York, to give patients advantages of radium treatments. Therefore a corporation was organized, whose sole assets are the small piece of the valuable metal.

All physicians in this section, whether members of the corporation or not, will be permitted to use the radium, it is announced.

Mr. and Mrs. W. J. Roberts expect to leave tomorrow for Ashland, where they will look for a location for their future home.
